

Planning on having kids?

Are You Ready?

There are some things you can do before pregnancy that will make a difference to the future health of your child.

Take a quick
quiz now

to find out whether you're
ready for pregnancy.

tommys.org/planningforpregnancy

At Tommy's we're dedicated to finding causes and treatments to save babies' lives as well as providing trusted information and support.

Tommy's

Top 8 things to do before you get pregnant

- 1 Start taking folic acid now (2 months before stopping contraception if you can).
- 2 If you smoke, stop.
- 3 If you are overweight, try to bring your weight down.
- 4 Be active (exercise and in day to day life).
- 5 Try and cut down on caffeine.
- 6 Aim for a healthy weight (BMI of 18.5 and 24.9).
- 7 Eat well with at least 5 portions of fruit and veg a day.
- 8 If you're taking medication for any condition (including mental health) don't stop until you've talked to a health professional.
